DR. TAVEL

HERE TO SAVE YOUR SIGHT AND YOUR MONEY

Dr. Tavel recognizes that contact lenses can be pricey. To help you see your best at the most affordable price, we've launched the **Sight Savings Club**.

When you purchase an annual (12-month) supply of contact lenses, you not only maximize our current rebate offers and your available vision benefits, but you are also automatically enrolled in our **Sight Savings Club**.

This exclusive program, designed solely for contact lens wearers, ensures you get the best deal on your lenses this year, while also guaranteeing additional discounts on future contact lens reorders, sunglasses, computer glasses, spare pairs, and even saving you money on future contact lens fittings. When you return to Dr. Tavel for your annual eye exam next year, your contact lens fitting will only cost \$10 – a savings of \$50! Keep in mind you're eligible for club benefits for 13 months. If you delay the renewal of your contact lens exam past the 13-month mark, you lose your discounted fitting.

Join **Sight Savings Club** today to save more than \$250.
